

You've been saving for college... Now it's easy to use your GET units

Go to www.get.wa.gov and
click "Log in to my GET account"

- ▶ **Enter your ID and Password.** If you have not logged in to your account since July 2009, follow the instructions on the screen to convert to GET's new login procedure.
- ▶ **Select "Account Summary"** if you need to review your account. Confirm your Projected Benefit Use Year, and call or email us if this needs changing. Available units must have been held at least two years and Custom Monthly Plan contracts must be paid in full before use.
- ▶ **Select "Using Units"** to follow the 3 easy steps in paying for college with your GET account.

Key Dates

By July 1, complete an Intent to Enroll form to tell us where your student is going to college. We prefer to know by this date to avoid a delay in requesting distributions from your account.

After August 1, complete a Direct Payment or Reimbursement Request to tell us how you would like to pay for college. At that time, your account will show the number and value of units eligible for use in the 2010 – 2011 academic year.

If you don't have Internet access, please call us and we'll mail you the forms.

Using your GET units

Important Reminders

- As the account owner, you must initiate all direct payments and/or reimbursements from your account.
- Before you complete a direct payment request, please contact the college's student accounts office to verify the exact cost of tuition or room and board.
 - > If you request too much money, the college could issue a refund, which may have tax consequences.
(If the college notifies us, we may be able to reduce the requested amount to avoid an overpayment.)
 - > If you request too little money, you could pay late fees or your student could be dropped from classes.
- You may request up to 125 units each year per student. However, unused units from one year will automatically rollover as additional available units for the following year.
- If your student will attend a Washington community or technical college, you will want to inform the registrar's office that this student will be using GET units.
- Please allow at least two weeks for us to send a direct payment to your student's college. It's your responsibility to allow enough time for your payment to reach the college.
